Timber: Selected knot and defect free Pine, Beech, Ash, Oak and Maple.

Trellis joints: Cut with computer aided machines for precision no gap joints. All joints constructed with alternating half joints, resisting warping and mis-shaping plus each joint glued for extra strength.

Finish: All timbers finished in water based lacquers with a choice of natural clear lacquer or one of our colour lacquers: Light Oak, Oregon Pine, Cherry or Blue

Optional finish (extra): Trellis panel can be finished differently to screen frame.

Feet: Free standing feet constructed of mild steel with height adjustment facility. Finished in powder coat to colour Black or Brown.

Delivery: Screen delivered fully assembled by our own vehicles assuring quality. Feet need attaching.

- Solid timber construction
